

SAATI Pro Coat VF

The SAATI Pro Coat VF provides a perfect solution for the small to medium shops that think automatic coating is too expensive to justify. Now affordable consistent quality can be accomplished with this easy to use coater. It will be realized quickly that a consistent coated screen solves many of the day to day quality issues that make it to press. This machine is truly a plug and play workhorse.

Applications

Automatically coat 1 screen vertically, up to 26x47".

Characteristics

- Coats a single screen vertically, simultaneously on the front and back. Common examples include a 20x24, 23x31, or 25x36 size screen
- Fully programmable
- Carriage enclosed for safety
- Simple coating troughs attachment
- 110 volt, 20 amp
- 90 psi less than 1 cfm
- 6 month warranty

Features

- Easy to use touchscreen display
- Belt driven for smooth maintenance free operation
- Single program capability: set dwell, coats and speed per side
- Motorized upper carriage. Easy adjustment for different frame profiles
- Foot pedal control of upper carriage and frame clamps for easy loading and unloading of screens

Benefits

- Maximize consistency and optimize multitasking efficiency
- Set a program and get repeatable stencils, which result in more consistent, repeatable print

Size

61" x 78" x 20", approximately 800 lbs.

Installation

Due the unique construction of the SAATI Pro Coat machine, it is easily installed by customer. Simply connect an airline and plug-in. Easy to operate with no assembly required.
