

Remove IR10

Universal Ink Remover

Applications

Removes ink from screen with water.

Characteristics

- Flash Point 150°F (66°C)

Features/Benefits

- Safe to use on plastisol resistant emulsions
- Will not attack SAATI Chemicals CA series adhesives

Directions For Use

Use a spatula to scrape excess ink from screen. Apply the product to squeegee side of the screen. Use a non-abrasive brush to scrub both sides of the screen until the ink is liquefied. Starting from the bottom, rinse ink residue from the screen with water.

Health & Safety

Before using, refer to appropriate Safety Data Sheets.
Contact SAATI at info.US@saati.com to request SDS.

Storage

When sealed in the original container and stored in cool conditions, SAATI chemical products will maintain their original properties for one year from the date of production.

Packaging

Available in one quart and one, five, and fifty-five US gallon containers.
